EDUCATOR LICENSURE

Approval to begin the Administrative Procedures Act Process: To Approve Licensure Requirements for the Eight New Vocational Redesign Career Pathways as Recommended by the Commission on Teacher and Administrator Education, Certification and Licensure Development

Proposed Licensure Requirements for Redesign Career Pathways:

In September of 2006, the Commission was first introduced to the High School Redesign for Vocational Education. In January of 2007, phase one of that redesign was approved by the Commission with the adoption of the new curriculum for Career Discovery, Computer Discovery and Technology Discovery. In March of 2007, the Commission approved phase 2 of the redesign by approving three new endorsement codes for ICT I, ICT II and STEM, three new courses that would be piloted in the 2007-2008 school year with training in the summer of 2007. The Research and Curriculum Unit at Mississippi State University is under contract with MS Department of Education to write the curriculum for all redesign courses. As the next phase of the redesign, RCU is ready to pilot eight (8) of the new Career Pathways that will eventually replace the current vocational structure. In April, the board approved eight new endorsement codes for these 8 new pathways. The school districts selected to pilot these programs will select teachers to be trained this summer in these 8 areas of certification. Licensure is now asking the board to approve the licensure requirements for the codes that have already been approved.

955 – Management
956 – Marketing and Economics
961 – Health Sciences
966 – Automotive Service
971 – Teacher Academy
972 – Culinary Arts
976 – Manufacturing
977 – Construction Technology

**CAREER PATHWAY
TEACHER LICENSURE REQUIREMENTS**

May 15, 2008

SUPPLEMENTAL ENDORSEMENTS

The following three endorsements are supplemental or "add on" since they require the applicant to hold a current Mississippi educator license plus satisfy some additional requirements. They are:

- 955 Career Pathway: Management
- 956 Career Pathway: Marketing and Economics
- 971 Career Pathway: Teacher Academy

INITIAL LICENSES

The following five endorsements are new initial teacher licenses to meet the requirements of the redesign curricula to be implemented in 2008-09. They are:

- 961 Career Pathway: Health Science
- 966 Career Pathway: Automotive Service
- 972 Career Pathway: Culinary Arts
- 976 Career Pathway: Manufacturing
- 977 Career Pathway: Construction Technology

955 Career Pathway: Management

Requirements:

1. Hold a four-year college degree (bachelor degree) or higher from an accredited institution of higher education. Degree must be in subject area to be taught and must be approved by the Bureau of Instructional Development in the MDE.
2. Applicants must have at least one year of verifiable occupational experience in the past ten years. Experience must be appropriate to the subject to be taught.
3. Applicant must successfully complete the Vocational Instructor Preparation (VIP) program.
4. Applicant must successfully complete the Master Teacher of Economics certification.
5. Applicant must successfully complete an MDE approved computer literacy certification exam.
6. Applicant must successfully complete certification for an online learning workshop, module, or course that is approved by the MDE.
7. Applicant must successfully complete the Management certification workshop, module, or course that is approved by the MDE.

note: If the applicant meets all requirements listed above, that applicant will be issued a 955 endorsement—a five-year license. If the applicant does not meet all requirements, the applicant will be issued a three-year endorsement (license), and all requirements stated above must be satisfied prior to the ending date of that license.
